

A dynamic black and white photograph of three athletes in orange MASITA sportswear jumping in a stadium. The female athlete on the left is holding a MASITA handball. The male athlete in the center is reaching forward, and the male athlete on the right is also jumping. The background shows stadium lights and a cloudy sky. The word 'MASITA' is written in large, white, stylized letters across the middle of the image.

MASITA

EVERYTHING AN ATHLETE DESIRES

Masita was founded in 1933 by the Maas family from Sittard. At the time, the emphasis was mainly on the production and sale of leather products, such as bags and balls. In the 60's Masita specialized in the development of contemporary team sportswear. Today, the brand has international allure and we supply in more than 100 countries around the world.

We work with a concept that is unique in the Netherlands. You can contact us for a complete range in the field of sportswear, accessories and training supplies. We offer you the most complete collections under one roof. At ISBC Sport all athletes, individually and as a team, can find the best brands. Together with our partners, we are constantly looking for the latest materials and technologies, tailored to the comfort and convenience of the athlete. We have over 2.000.000 items in stock, so we can serve you quickly.

EST. 1933

BE

PREPARED

Performance is all about good preparation. In order to be able to focus properly on achieving a top performance, you don't want to be worrying about environmental factors. The right clothing and equipment is an essential part of this. As long as there is no need to worry about it, all attention and concentration can be on your performance. We want you to perform at your best.

FEEL THE

PASSION

There is no better side issue in life than sports. Whether it's on an amateur pitch in a remote village or in a stadium in a big city, exercising is a great way to shift your mind and enjoy the moment. The preparation, the tension, the intensity and the euphoria. That important pass, that untenable shot, that absolute belter and that crazy joy.

TAKE THE

REWARD

That last minute goal that seals the victory, get up when you are completely exhausted. Nothing is more beautiful than the proud feeling after a fierce battle and after you have reached the ultimate goal. Whether this is at a local square or in front of thousands of people, you win that prize together. Nothing seems over, until it is really over. Take that reward.

TEAMLINES

COLOUR

TEAMLINES COLOUR

Perform as a team. That is what makes sports so beautiful. You radiate that you are one team, with one common task. From professional club to amateur team, radiating uniformity is important. That is why Masita has an ample teamwear collection. Whatever colour your team has, our collections can be combined endlessly so that there is a suitable clothing line for every team.

SUPREME

COLLECTION

SUPREME COLLECTION

Our newest collection, the Supreme Collection, will be available by mid-2020. This renewed line excels thanks to the sleek design and the use of the most modern and best materials. The line is available in 8 colors and can be perfectly combined with our standard collection.

The design of this collection consists of an even front with a raglan sleeve insert, where the shoulders are a shade darker than the base. In the black and navy version, the shoulders have a mixed pattern.

**AquaTech**

AquaTech stands for a water-repellent material, especially designed for active sports. Despite its lightweight design, the highly functional coating prevents rainfall from reaching the inside.

FORZA

COLLECTION

FORZA COLLECTION

We proudly present the Forza line. The contemporary, asymmetrical design is inspired by the movement of the active athlete. The collection is available in 9 refined colour combinations and can be perfectly combined with our universal collection.

Our product developers have taken the optimal functionality as a starting point when designing the Forza line. The clothing is first and foremost comfortable to wear and has an excellent fit. We have used the most advanced materials, which provide extra comfort. Almost all items in this line are made of 100% high quality ClimaTech Polyester, a fast drying stretch material. This material has undergone a special treatment, the 'ultimate dry-comfort treatment', which allows moisture to be removed faster. Furthermore, the use of technical yarns guarantees excellent air circulation. Pleasant for the fanatic athlete.

STRIKER

COLLECTION

STRIKER COLLECTION

The Striker line can best be described as our baseline with sleek design and an excellent price-quality ratio. The unique, timeless design is based on the slogan "Look good. Feel better. Perform best." And features striking details. The collection is available in 7 color combinations. Wide black strips on the shoulders, in combination with a white piping, contrast beautifully with the fresh colors.

Wearing comfort and a good fit have been the starting point when designing the line. Excellent quality and a sleek, timeless design for a good price. Great to combine with our universal collection.

SKINWEAR

SKINWEAR

Skintech Technology is an elastic material, specially developed for our skin shirts and tights. The material is lightweight, quick-drying and provides maximum freedom of movement.

Because of the super elastic fabric, our skinwear is functional and extremely comfortable. In addition, our skinwear contains Cooltech technology. CoolTech is a functional material with a highly breathable and moisture-regulating capacity. The material ensures excellent air circulation and a perfect body temperature.

BALLS

BALLS

Our product developers have used the latest technologies to give the balls superior characteristics. The outer layer consists of high quality polyurethane (PU), which guarantees a longer life span. The material also remains flexible, even at the lowest temperatures. The seams of the balls are hand stitched, for extra strength and durability.

It is also possible to produce balls with your own club logo. For more information you can send an email to smu@isbcsport.com.

TECH

BALLS

**EVEN SIZE**

IMS standard: size 68 - 70 cm.

Masita balls: 68,1 - 68,5 cm.

**PERMANENT ROUNDNESS**

IMS balls: difference max. 2%.

Masita balls: 1,3 - 1,5%.

**RUMP FORCE**

IMS balls: rebounds 125 - 155 cm.

Masita balls: 130 - 145 cm.

**WATER ABSORPTION**

IMS balls: maximum absorption 15% of its own weight.

Masita balls: maximum 0,3%.

**PERFECT WEIGHT**

IMS balls: 410 - 450 g.

Masita balls: 432 - 435 g.

**PRESSURE LOSS**

IMS balls: maximum 25%.

Masita balls: maximum 13%.

**CONSISTENCY OF SHAPE AND SIZE**

Thanks to the Balance Control System, the balls have optimum stability and always retain their shape.

MAINTENANCE TIPS MASITA BALLS**STORAGE**

Dry, at least at 15°C. If stored for a longer period, release a little air to protect the seams and inner ball. Do not store close to a heat source.

CLEANING

Wipe with a damp cloth. Never apply leather grease (football has long since ceased to be made of leather).

VALVE OIL

Apply a few drops of (valve) oil regularly to the valve. Protects the valve and ensures a longer service life.

INFLATING

First moisten the needle, then inflate the ball. Inflate before use, leave for 24 hours and inflate again.

GOALS & DUG-OUTS

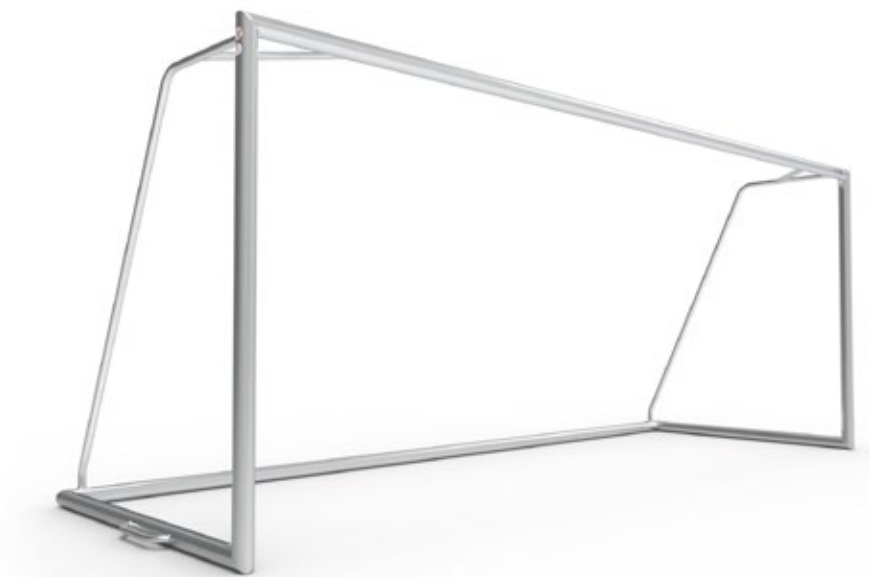

**“PLAYING FOOTBALL IS LIKE LIFE...
YOU NEED GOALS”**

GOALS & DUG-OUTS

Good and professional materials such as tactile goals, dug-outs, nets or other materials are indispensable for every club. Because of our partnership with a manufacturer of all these materials, we can offer the clubs professional materials for very attractive prices.

Everything meets the strict KNVB / KBVB requirements and from this season we also offer TÜV approved goals. This catalog lists the most sold goals, but of course we can supply any goal and many types of dugouts and nets.

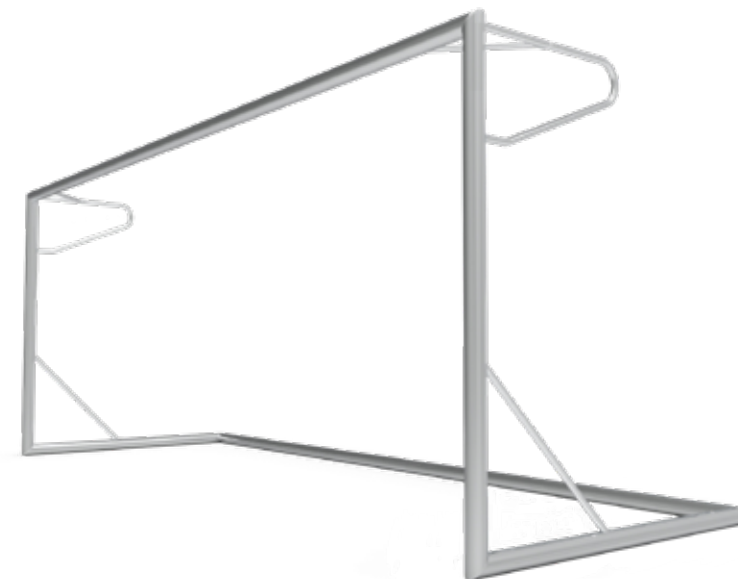

Contact us for requests and a price list via roger@royalsport.nl.

CUSTOM MADE

CUSTOM MADE

CUSTOM MADE PRODUCTS

Looking for a uniform with its own identity and distinctive look? At ISBC Sport you put together your sports kit (shirt, shorts and socks) completely to your own design. We offer you a wide range of options.

You contact ISBC Sport to discuss your idea for developing a special outfit for your team(s) or for yourself. Our designer tells you about the various parts that make a outfit unique. You choose the colors and design together with our team. You also determine which logos, texts and other details you want to give the outfit for perfect finishing touch.

Our designer then designs a fully personalized outfit. After that, you receive the design as a 3D drawing. If the design is exactly as you have imagined, we will start the production process. We use light and breathable fabrics that offer the athlete optimum comfort. Before the production starts, you will receive a sample for assessment. So we are sure that you are satisfied!

CUSTOM CASUAL WEAR

Besides match wear, we also produce custom made casual wear. Poloshirts, hoodies or jackets wich can be used before or after a traning or match. In addition to an embroidered logo, it is also possible to deliver the products with printing.

TECH

ClimaTech

ClimaTech has an additional 'ultimate dry-comfort treatment' which provides optimum perspiration regulation and also makes the fabric very breathable. The use of technical yarns and special treatments of fabrics provide a maximum comfort.

DuraTech

DuraTech is especially designed and made with high durability in mind and is pilling free. For an extra long lasting use in all sportive activities.

ComfoTech

ComfoTech is a very light technical fabric. It has a subtle look, a very unique breathing technology and has a pleasant feel. Uncompromised materials with optimum performance.

AquaTech

AquaTech stands for a water-repellent material, especially designed for active sports. Despite its lightweight design, the highly functional coating prevents rainfall from reaching the inside.

ActiveFill

ActiveFill is a thermos fixed fabric, which stands for the following characteristics: pleasant body temperature, low weight, outstanding flexibility and extended durability.

PremiumEDQ

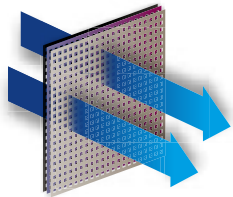

Premium EDQ stands for premium extreme durability Quality. This is a strong polyester fabric with excellent characteristics. These include high durability, even on hard surface, and color stability.

SkinTech

SkinTech is a material that is used for the skinshirts and tights. The design with comfortable seams is lightweight and feels like a second skin. In addition, the material is very fast drying.

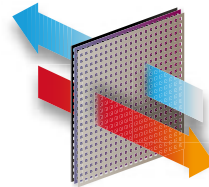

CoolTech

CoolTech is a functional material with a highly breathable and moisture-regulating capacity. The material ensures excellent air circulation and a perfect body temperature.

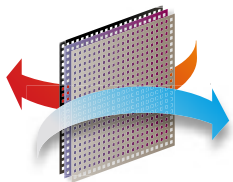

KEEP DRY

Moisture is transported on the outside of the material. The material dries quickly, protects against hypothermia and thus ensures pleasant wearing comfort.

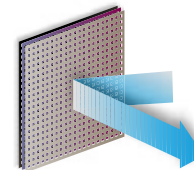

KEEP COOL

Functional material with a high breathability and moisture-regulating capacity ensures excellent air circulation and an optimum body temperature.

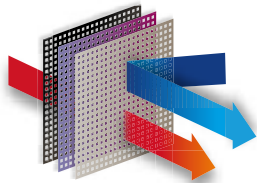

KEEP WARM

Thermo-insulating material under the outer layer of clothing protects against cold and keeps the body pleasantly warm, even at low outside temperatures.

STOP WIND

Material with an insulating layer protects the body against wind and preserves the body against hypothermia.

STOP WATER

Material with a waterproof outer layer and well welded seams, ensure no moisture to penetrate the inside of the material. At the same time, the highly breathable and moisture-regulating capacity ensures that the body fluids is transported quickly outside.

CAUTION!

The Masita size charts have been based on years of experience and serve as a guideline when buying Masita sportswear. Returns due to incorrect size selection can only be accepted in original packaging. Unfortunately it is not possible to exchange items that are printed, flock printed, washed or treated differently. To prevent discolouration, we recommend the use of high-quality printing material with a 'blockout protective layer' for printing and flock printing. For technical reasons such as photography, reproduction and printing, colour differences may occur between the photos in this catalogue and the original goods. Masita reserves the right to change the duration of collections during the year, as well as to change materials and/or the composition of articles and prices.

All prices are indicated in euros. Always check the most recent price list. We reserve the right to make printing errors and price changes.
